

Reina, Luis, José

- **Université de Paris and CNRS : All non-critical onsite activities are shut down until further notice**
 - people in France are required to remain confined at their homes, with limited exceptions
 - remote work is strongly favoured, for activities that can be performed in this way
 - this has a non-negligible impact on our activities
 - most critical : our Project Manager contract
 - best solution for us : allow her to work (remotely) as soon as possible
 - hope to receive updated news on this tomorrow (meeting with Cécile Derbois)
 - access to the budget seems out of reach for the time being
 - administrative personpower already overwhelmed with critical priorities
- **We have received no specific feedback from EACEA on CBHE timelines and deadlines**
 - a few other EU programs (H2020 and such) have indicated the report of some dates
 - while similar decisions may well come for CBHE, we should by no means take it for granted!
 - more importantly, we should not assume we can relax and postpone our work
- **These are complicated and stressful times, with many unknowns ahead of us**
 - but we can, and should! accumulate progress on several activities!

- **List of ongoing-pending activities for which your feedback is crucial :**
 - **WP1 subgroup meetings, in particular on curriculum preparations**
 - **Pierre is setting up a doodle for a brainstorming meeting on “complex systems”**
 - **doodle for the 1st WP5 meeting : <https://doodle.com/poll/fdwhhdbvein6iywp>**
 - **José Antonio can call for the meeting with the given feedback**
 - **time-sheets on the git (c.f. Previous meetings) : <https://github.com/LA-CoNGA/OfficialDocuments>**
 - **still we have only 4 inputs, from the same 4 people**
 - **this is crucial information, will be used by EACEA to pay Staff Costs to your institution**
 - **If you update it frequently, your life will be made a lot easier**
 - **Also, do not forget to upload on the repository all documents attesting your activities**
 - **personal inputs (mini-bios) for the web page**
 - **afaik not a single new one since last meeting**
 - **please, keep in mind this is an official EACEA requirement!**
 - **inputs for the EAC : <https://docs.google.com/document/d/1yJZzZopJ-5K6iNfd8XCxjQ4Id5N0L0REHMYQgBp-fME>**
 - **we could already converge on a 1st core of names, based on the existing proposals**
 - **institutional feedback on the Partnership Agreements**
 - **are your legal offices working?**

- Any reports on preparatory work today?
- Short status reports per institution
 - what are your availabilities in the next few days?
 - what is the current situation at your universities?
 - Important to keep track of regular reports per institution
- Since the situation is developing very fast we suggest to meet again next week
 - same day/time to make the point again
- AOB ?
